Package Details

Package #1 - \$2,400

- This package includes up to six (6) hours of coverage for your wedding and up to two (2) hours of engagement session photography. In most cases, I'll usually capture between five hundred (500) to one thousand (1000) photographs on your wedding day.
- This package includes an engagement portrait session. These pre-wedding portraits often feature the bride and groom romantically posed at a favorite nearby outdoor location. During the engagement session, which can last up to two (2) hours, I generally capture between one hundred and fifty (150) to three hundred (300) photographs. You'll receive a DVD containing these digital images following your engagement session. I'll also provide an online photo gallery featuring those photos. This online gallery allows you to share the photos with your friends and family. Once posted, the gallery will remain online for at least one hundred and eighty (180) days.
- As part of this package, you'll be provided with electronic files representing every photograph taken on your special day. In other words, after the event I'll provide you with a DVD-ROM containing your high resolution digital negatives. Your DVD-ROM will also include reduced size files that are suitable for making additional 4" x 6" prints as well as for viewing and sharing on most computers.
- I'll personally adjust every single photograph taken at your wedding. In other words, I will evaluate every photograph from your wedding--one at a time. After my evaluation, I'll make adjustments to exposure, white balance, tone, and contrast in each photograph. I'll also crop every photo to ensure that that exposure is perfectly stamped to my unique vision of composition. This attention to individual photographic detail isn't offered by other photographers. If you select me as your photographer, you can be certain that instead of receiving a series of unmodified and lifeless files, every one of your wedding photos will be exposed to my unique vision.
- With this package you'll also receive an online photo gallery all of the photos from the wedding. This online gallery allows you to easily share the photos with your friends and family. Family members will also be able to purchase these photos online and/or order enlargements. Once posted, the gallery will remain available for at least one hundred and eighty (180) days.

Additional Wedding Photography Coverage

If you require additional hours of photographic coverage beyond what I've listed here, then I'm happy to extend my services at my wedding hourly rate of \$250 per hour. If you do think you'll require additional coverage, please let me know prior to the event to ensure my availability. Additional photography scheduling during the event can also be provided in half (1/2) hour increments at a rate of \$125 per half hour. Additional coverage by a second photographer is also available at a rate of \$100 per hour. If a second photographer is not included in your package, one may be added at the standard rate of \$100 per hour with a 6-hour minimum coverage requirement.

Additional 12" x 12" Album Pages

If you're purchasing a package that includes a magazine style album, you may wish to increase the total number of 12" x 12" pages included in your album. Since I need to add two pages to accommodate each page spread, pages must be purchased in multiples of two (2). If you think you may wish to include additional pages in your album prior to signing your agreement, then you may pre-purchase page spreads at a 33% discount. This means that pre-purchased page spreads (e.g. two pages) are only \$100 each versus \$150 if purchased after the wedding.

	Pre Wedding Price	Post Wedding Price
10 Pages	\$500	\$750
20 Pages	\$1,000	\$1,500
30 Pages	\$1,500	\$2,250
40 Pages	\$2,000	\$3,000

Parent Albums

If you'd like to have additional hardcover copies of your magazine style / flush mount albums as gifts for friends, family, or even for yourself, I'm happy to also offer copies of your primary album as an additional option. Please note that the content of the parent album is an exact copy of the content found in your primary album. For the 4" x 4" and 6" x 6" parent albums, you'll receive multiple copies of each parent album as indicated in the table below. Each hardcover parent album features a dust jacket.

	4" x 4" 4 Copies	6" x 6" 2 Copies	8" x 8" 1 Copy
20 Page	\$350	\$400	\$400
40 Page	\$425	\$500	\$500
Additional Pages	\$5	\$7	\$7

Album Storage / Presentation

All of our albums are delivered in a standard storage box. However, many clients prefer a more elegant presentation for their primary album. In lieu of the standard storage box, you may elect to purchase a small suitcase, specifically designed to store your primary album. This leather suitcase, similar to a small briefcase, provides you with a protected environment to store your most important photographs for future generations. Your investment for this suitcase is \$99.

Wedding Slideshow

If you'd like me to display a short slideshow of select images taken the day of your wedding during the reception, I also offer that option as an additional service. As part of this service, in addition to selecting the photos, I also provide the equipment necessary for the presentation (e.g. computer, projector, and screen). This presentation does not include music; therefore your band or DJ should be aware of the presentation if you wish to feature music coverage over the montage. The price for this additional service is \$500.

Engagement Session Only

Engagement Sessions are designed to provide you with intimate, informal, and fun photographs. These photos are taken in the weeks or months prior to the wedding ceremony. This session provides you with beautiful images for gifts and invitations as well as offering an opportunity to create a unique display for guests the day of the wedding. You may choose up to one romantic setting of your choice. Please note that fees for extended travel may apply. Please note that this session is included in most of the standard wedding photography packages found above. Your investment in this session is \$400 and includes:

- This package includes up to two (2) hours of photography at a single location.
- I generally capture one hundred and fifty (150) to three hundred (300) photographs during the course of this session.
- With this package you'll also receive an online photo gallery featuring the photos from our session. This online gallery allows you to easily share the photos with your friends and family. Once posted, the gallery will remain available for at least one hundred and eighty (180) days.
- In just a few days, you'll be provided with all photographs in high resolution JPG format on CD-ROM or DVD-ROM. These electronic files represent your digital negatives.
- If you later book me to photograph your wedding, this package will also then include the following photographic prints: one hundred and fifty (150) to three hundred (300) 4" x 6" photographs from your engagement session.
- Depending on the date, time, and location of your session, extended travel fees may apply if you are not within a 10 mile radius of my location. Also, depending on your location selections, you may be responsible for obtaining permission and/or permits for location photography (i.e. beach sessions, hotels, public locations, some parks); however, when necessary, I'll be glad to assist you in obtaining the appropriate permissions and/or permits.
